His Excellency Kim Jong-Un
Chairman, State Affairs Commission
of the Democratic People's Republic of Korea

Letter of protest

On September 3, I encountered to the news that your country enforced the sixth nuclear test.

I condemn your nuclear test which was in violation of Japan-DPRK Pyongyang Declaration in 2002, UN Security Council Resolutions 1718(in 2006), 1874(in 2009), 2094(in 2013) ,2270 and 2321(in 2016), and I feel strong resentment of proceeding with your nuclear test.

Our City declared the Nuclear-free and Peace City in 1982. Since then, we have conveyed about the horror of nuclear weapons and suffering of atomic bomb survivors to everybody in the world. We have desired the abolishment of nuclear weapons and eternal peace with people of the world who love peace, to prevent further tragedies that occurred in Hiroshima and Nagasaki.

I am outraged. Nuclear powers including your country have the responsibility to contribute to abolish the nuclear weapons to make the world peace and stable, and I cannot accept that you enforced the test.

On behalf of the citizens of Narashino City, I strongly protest and demand to comply fully with UN Security Council Resolutions and stop all the nuclear tests from now on for the global abolishment of nuclear weapons and the realization of eternal peace.

Taisuke Miyamoto
Mayor
City of Narashino
