Letter of Protest

Dear Mr. President,

The City of Narashino seriously protest against the series of acts such as the invasion of Ukraine and, in addition, the suggestive remark of the use of nuclear weapons.

Our city declared “Nuclear-free and Peace City” in 1982. Since then, we have conveyed the horror of nuclear weapons and the sufferings of atomic bomb survivors to the people of the world. Also, we have desired the total destruction of nuclear weapons and eternal peace on earth with the peace-loving people throughout the world to prevent the same tragedies occurred in Hiroshima and Nagasaki from happening again.

On behalf of the City of Narashino, Chiba Prefecture, Japan, I strongly protest against the recent acts which outrages the order of global society and goes against the abolishment of nuclear weapons and discouraged Narashino citizens who are wishing the world peace.

We strongly urge that Russia immediately cease this unreasonable invasion where precious human lives and peaceful livings are being taken and search for the peaceful solutions instead.

Yours sincerely,

Taisuke Miyamoto
Mayor
The City of Narashino
