His Excellency Joe Biden
President
The United States of America

Letter of Protest

I encountered the news that your country enforced the subcritical nuclear experiments at Nevada National Security Site in June and September of last year.

Our City declared “Nuclear-free and Peace City” in 1982. Since then, we have conveyed the horror of nuclear weapons and sufferings of atomic bomb survivors to people of the world. Also, we have desired the abolishment of nuclear weapons and eternal peace with people of the world who love peace, to prevent further tragedies that have occurred in Hiroshima and Nagasaki.

Your actions are not a path to the abolition of nuclear weapons, but a sing of maintenance and control of nuclear weapons. I am extremely regrettable. I think nuclear powers including your country have the responsibility to contribute to abolish nuclear weapons to make the world peace and stability.

I hope that your country will take a leadership role in the nuclear ban, and on behalf of the citizens of Narashino City, I strongly protest and demand to stop all the nuclear tests from now on for the sake of the global abolishment of nuclear weapons and the realization of eternal peace.

Taisuke Miyamoto
Mayor
The City of Narashino
